Working Group accomplishments/progress since last submitted report:

This week the education working group determined that we will split into five sub-groups for the purpose of generating recommendations to the larger group: Remote Learning, Equity, Work-Based Learning, Social-Emotional Behavioral Health (SEBH), and Early Warning (preschool and early literacy).

Our group has also added a third co-chair, Tim Bower of the Nelson Company in Fairfield. Welcome, Tim!

Working Group's current areas of focus, research, or activity. Also report any obstacles or issues:

In each of our five priority areas our subgroups will be co-chaired by a Department of Education staff member and a working group member. Groups will convene between July 27 and August 5 to establish draft recommendations based on the feedback provided at the July 16th meeting using templates provided for them. These will be considered by the full group at the August 6 working group meeting.

Working Group goals and actions for the coming week or weeks:

Our goal for the next two weeks is to convene every subgroup at least once, explore the research and data in each priority area, and return to the full group with suggested recommendations for consideration.
